The Art of Story-telling, With Nearly Half a Hundred Stories

The recurrence of certain generic labels in the different typologies that I noted previously such as the western, the comedy, the war film, the musical, or the science-fiction film do not derive solely from the purity of the filmic forms that they designate; they also illustrate a broader cultural consensus one that is perhaps less rigorous on account of its inclusiveness that transcends and traverses the specific communities of producers, directors, critics, and viewers. Nonetheless, and from what I understand, antler removal does not harm the animal, and is in fact a humane and necessary safety precaution that helps prevent the elk from attacking each .
